BY-LAW NUMBER 1037

A BY-LAW TO ZONE CERTAIN LANDS WITHIN THE LIMITS OF THE CORPORATION OF THE TOWN OF ESSEX

Passed the 12th day of July, 2010

WHEREAS Section 34 of The Planning Act, 1990, provides that councils of local municipalities may pass zoning by-laws for the following purposes:

For regulating the use of land, for or except for such purposes as may be set out in the by-law within the municipality or within any defined area or areas or abutting on any defined highway or part of a highway;

For prohibiting the erection of any class or classes of buildings or structures on land that is subject to flooding or on land with steep slopes, or that is rocky, low-lying, marshy or unstable;

For regulating the type of construction and the height, bulk, location, size, floor area, spacing, character and use of buildings or structures to be erected or located within the municipality or within any defined highway or part of a highway, and the minimum frontage and depth of the parcel of land and the proportion of the area thereof that any building or structure may occupy;

For regulating the minimum elevation of doors, windows or other openings in buildings or structures or in any class or classes of buildings or structures to be erected or located within the municipality or within any defined area or areas of the municipality and

For requiring the owners or occupants of buildings or other structures to be erected or used for a purpose named in the by-law to provide and maintain use related amenities and loading and/or parking facilities on land that is not part of a highway;

AND WHEREAS: Section 35 of The Planning Act, 1990 provides that councils of local municipalities may incorporate holding provisions in a zoning by-law passed under Section 34 of The Planning Act, 1983;

Section 36 of The Planning Act, 1990 provides that councils of local municipalities may authorize increases in the height and density of development in return for the provision of certain facilities, services or matters as set out in a zoning by-law passed under Section 34 of The Planning Act, 1983;

Section 38 of The Planning Act, 1990 provides that councils of local municipalities may authorize the temporary use of land, buildings or structures in a zoning by-law passed under Section 34 of The Planning Act, 1983;

Section 66 of The Planning Act, 1990 provides that every person or corporation who contravenes the provisions of this by-law is guilty of an offence and on conviction is liable to the payment of fines;

it is deemed expedient to enact a new zoning by-law under the provisions of The Planning Act, 1990;

NOW THEREFORE the Municipal Council of The Corporation of the Town of Essex enacts as follows:

The following By-laws and all amendments thereto are hereby repealed:

In either case, the presence of abundant water has caused the formation of hydric soils and has favoured the dominance of either hydrophytic plants or water tolerant plants. The four major types of wetlands are swamps, marshes, bogs and fens. Such lands are designated “Wetland” in the Town of Essex Official Plan. Periodically soaked lands and former wet lands being used for agricultural purposes, which no longer exhibit wetland characteristics, are not considered to be wetlands for the purposes of this definition.

Adherence to the imperial measure will ensure compliance with the metric measure;
- o) any reference in this by-law to any statute or part thereof, regulation or other by-law will, unless otherwise specifically stated, be a reference to that statute, regulation or by-law or the relevant part thereof, as may be amended from time to time.

SECTION 8 – GENERAL LAND USE PROVISIONS

8.1 Application

- a) The regulations in this Section apply to the use of all lands, buildings and other structures in all zoning districts enumerated in this by-law, unless otherwise specifically provided in this by-law.

8.2 Permitted Supplementary Uses

- a) **Town of Essex and Public Authorities**

- i) A lot or part thereof, located in any zoning district, may be used for any of the following uses, provided that all buildings erected thereon shall be in compliance with all regulations of the zoning district in which they are located:
 - 1. Any use of the Town;
 - 2. Any use of a Public Authority, including, but not limited to the County of Essex and the Essex Region Conservation Authority.

- b) **Public Utilities**

- i) A lot or part thereof, located in any zoning district, may be used for a use of a Public Utility provided that:
 - 1. all buildings shall be in compliance with all regulations of the zoning district in which they are located;
 - 2. any structure, not including a building, may be erected for the purposes of the distribution of a service or commodity provided by a public utility, without restriction as to height except in a **Residential District** where the maximum height shall be 20m (65f);
 - 3. an outdoor storage yard is not permitted in a **Residential District**.

- c) **Temporary Buildings or Other Structures**

- i) A temporary building, storage container or other structure customarily required and incidental to the erection of permanent buildings or other permanent structures is permitted in any zoning district, provided that such temporary building, storage container or other structure is removed when the permanent building or other structure is erected and capable of occupancy or use.
- d) **Extraction Activities**
- i) A pit or quarry, approved by the Ministry of Natural Resources of Ontario, is a permitted use in any zoning district, except in a Residential or Natural Environment District;
 - ii) A wayside pit, having a Ministry of Environment of Ontario Certificate of Approval, is a permitted use in any zoning district, except in a Residential or Natural Environment District.
- e) **Portable Asphalt and Concrete Plants**
- i) A portable asphalt or portable concrete plant is a permitted use in an Agricultural District and a Manufacturing District, but not within 400m (1313f) of a sensitive land use.
- f) **Storage of Goods, Equipment and Materials in Storage Containers**
- i) When not used in accordance with the provisions of paragraph c), of this subsection, a storage container having a gross floor area of 10m²(109f²) or greater shall be deemed to be an accessory building, subject to all applicable accessory building provisions of the zoning district in which the lot is located and to the following additional provisions.
As an accessory building, a storage container shall:
 1. be permitted exclusively in the following zoning districts: A1.1; C3.1; M1.1; M1.2; M2.1 and M2.2 and not otherwise permitted;
 2. not be located in a front yard;
 3. be screened from view where it is visible from a Residential or Green District or a street and within 30 meters of the Residential or Green District or street;
 4. be limited to a maximum of one storage container on a lot of less than 0.5 hectares and shall be limited to not more than two (2) storage containers on a lot of greater than 0.5 hectares;
 5. be permitted exclusively for storage purposes and not for human occupancy.”

8.3 Accessory Uses

- a) When an accessory use is situated within the main building or is situated in an accessory building that is attached to the main building, the maximum lot coverage for the accessory and main uses shall be the same as the total lot coverage permitted for the freestanding main and accessory buildings, where such separate provisions apply.

8.4 Prohibited Uses

- a) Unless otherwise specifically provided in this by-law, the following uses of any land or building are prohibited in any zoning district:
 - i) the use of a cellar, either in whole or in part, as an individual dwelling unit;
 - ii) the use of a travel trailer, tent trailer or motor home, hotel or motel, either in whole or in part, as a dwelling unit;
 - iii) a dwelling or dwelling unit that does not have storm water and sanitary facilities, electrical and potable water services approved by the Town or other authority having jurisdiction.
 - iv) a building located on a lot that does not front on or have direct access to a highway, except for a building that replaces an existing building or additions to an existing building or a building within a registered plan of subdivision in which the street is to be assumed under the terms of a registered development agreement or servicing agreement;
 - v) rifle, pistol, skeet or trap shooting range; a motor vehicle racetrack;
 - vi) an adult entertainment parlour;
 - vii) the outdoor storage of scrap, refuse, waste material, derelict or abandoned vehicles or such other like goods or chattels;
 - viii) forest clear-cutting or the use of any land for high-grading or other commercial timbering activities, except in accordance with a Sustainable Forest Management Plan satisfactory to the Municipality and the Ministry of Natural Resources.

8.5 Home Occupation, Residential

- a) Unless otherwise specifically provided in this by-law, a residential home occupation shall be a permitted use in a dwelling, dwelling unit or an accessory building to a main dwelling, in any Zoning District where a dwelling or dwelling unit is a permitted use, provided that it is conducted in accordance with the following regulations:
- i) a maximum of 25% of the gross floor area of the dwelling or dwelling unit can be devoted to the home occupation. This limitation shall not apply to guest rooms and guest facilities within a bed and breakfast dwelling;
 - ii) as an alternative to i) above, but not in combination with i) above, one residential home occupation, exclusive of a bed and breakfast dwelling, shall be permitted in an accessory building to a main dwelling, provided that the lot area is a minimum of 1850m² (20,000f²) and the accessory building is not located in whole or in part in a required yard;
 - iii) the maximum gross floor area of a residential home occupation located in an accessory building shall be 45m²(500f²);
 - iv) there shall be no visible indication from the exterior of the dwelling, dwelling unit or accessory building that a home occupation is being carried on except for a sign in accordance with the municipal sign bylaw;
 - v) there shall be no sale of goods on the premises;
 - vi) there shall be no external storage of materials, goods or equipment related to the home occupation;
 - vii) there shall be no generation of perceptible noise, odour, fumes or dust outside the dwelling, dwelling unit or accessory building;
 - viii) it is carried on exclusively by the inhabitants of the dwelling or dwelling unit;

- ix) a bed and breakfast operation shall only be permitted in a bed and breakfast dwelling, being exclusively a main dwelling situated in a Zoning District where a bed and breakfast dwelling is a stated permitted use and in accordance with the regulations of that Zoning District. Such dwelling shall have a maximum of 5 guest bedrooms.

8.6 An On-farm Diversified Use in Combination with a Permitted Agricultural Operation

- a) Unless otherwise specifically provided in this by-law, an on-farm diversified use is a permitted supplementary use exclusively in combination with a permitted agricultural operation. It shall be located in a dwelling or in an outbuilding in accordance with the following regulations:
 - i) a maximum of 25% of the gross floor area of the dwelling shall be devoted to an on-farm diversified use or, if located in an accessory building, it shall occupy a maximum of 90m² (968f²) of gross floor area. Outdoor areas specifically related to public education about farm life and farm activities, for product display or an outdoor patio related to a retail store are permitted;
 - ii) the retail sale or wholesale of goods is permitted within that portion of the building exclusively devoted to the on-farm diversified use;
 - iii) there shall be no external storage of materials, goods or equipment related to the on-farm diversified use;
 - iv) there shall be no generation of perceptible noise, odour, fumes or dust beyond the boundaries of the lot;
 - v) the use shall be carried on exclusively by persons participating directly in the day to day operation of the farm or residing on the farm and a maximum of two (2) other persons not directly participating in the operation of the farm or residing on the farm;
 - viii) it shall not include: a motor vehicle repair garage, a motor vehicle sales lot, Motor Vehicle Fuel Station, general salvage operation, motor vehicle salvage operation or material transfer centre, automobile collision shop or other heavy repair shop, major or minor commercial centre.”

8.7 Outdoor Storage Yards

- a) An outdoor storage yard is not permitted in any Development Reserve District, Residential District or Institutional District, unless otherwise specifically permitted;
- b) An outdoor storage yard is permitted in a Green District, Commercial District or Manufacturing District, unless otherwise specifically prohibited;
- c) No person shall use any lot or part thereof as an outdoor storage yard except in accordance with the following regulations:
 - i) a landscaped yard having a minimum width of 3m (10f) shall be provided and maintained between an outdoor storage yard and a street, except, when an outdoor storage yard is devoted exclusively to an outdoor market or a temporary outdoor vendor's site;
 - ii) a screening fence having a minimum height of 1.8m (6f) shall be provided and maintained in good practise on the perimeter of any part of an outdoor storage yard which is visible from a Residential District except for:
 - 1. that part of the outdoor storage yard located a minimum of 50m (165f) from the Residential District;
 - 2. an outdoor storage yard or that part thereof used exclusively for the display of operable motor vehicles as an accessory use to the sale of motor vehicles on the lot;
 - 3. an outdoor storage yard or that part thereof used exclusively for the public display of goods as an accessory use to a retail store or wholesale store, a garden centre, an outdoor market or a temporary outdoor vendor's site, where such outdoor storage yard is permitted by this by-law.
 - iii) equipment, materials or other goods, not including construction equipment, operable motor vehicles, boats or trailers, shall not be permitted to project above the height of the screening fence, unless the outdoor storage yard is located in a zoning district in Section 22, Manufacturing Districts 2, of this by-law, and
 - iv) the surface of an outdoor storage yard shall be continually maintained so as to prevent the generation of dust.

8.8 Private Home Day Care

- a) A private home day care is a permitted use in a Single Unit Dwelling.

8.9 Games Arcades

- a) A games arcade is a permitted use in specific zoning districts; however, unless otherwise specifically provided in this by-law, no person shall use a building or part thereof for a games arcade on a lot located within 300m (985f) of a school. This provision does not apply to a games arcade which is located within a restaurant or entertainment lounge, licensed under the Liquor Licence Act, R.S.O. 1990.

8.10 Outdoor Swimming Pools and Ponds

- a) No outdoor swimming pool or decorative pond, greater than 0.3m (1f) in depth, is permitted:
 - (i) in a required front yard, except for a lot with a rear lot line abutting Lake Erie;
 - (ii) within 7.5m (25f) of the front lot line, where there is no minimum front yard depth regulation;
 - (iii) within 1.2m (4f) of a side or rear lot line, and provided further,
 - (iv) no swimming pool filter, heater or pump is permitted within 3m(10f) of a side or rear lot line.
- b) On any lot within a Green District, Institutional District, Commercial District or Manufacturing District, no swimming pool or decorative pond greater than 0.3m (1f) in depth, filter, heater or pump is permitted:
 - (i) within 7.5m (25f) of any lot line; provided, however, that on a lot on which is located a single-unit dwelling, semi-detached dwelling, or a Mult-Unit Dwelling having a maximum of four (4) dwelling units, the provisions of paragraph a) above apply.
- c) The provisions of paragraphs (a) and (b) of this subsection do not apply to a pool filter, heater or pump located within an accessory building.

8.11 Alternative Energy Facilities

Note: Paragraphs A) to D) both inclusive apply exclusively to alternative energy systems that are not connected to an off-set power grid

- a) A **micro solar energy system** is permitted as an accessory use on the roof of any building in any zoning district;
- b) A **small solar energy system** is permitted in an Agricultural or Manufacturing District in accordance with the following regulations:
 - i) on the roof of a building without restriction;
 - ii) in any yard other than in a front yard and not within 30m (100f) of a lot line;
 - iii) maximum lot coverage -20%;
- c) A **micro wind energy system** is permitted as an accessory use in any zoning district in accordance with the following regulations:
 - i) A micro wind system shall have a minimum setback from a lot line equal to the wind turbine height plus 1.5m (5f) and shall not be permitted in a front yard in a Residential District, except on a lot having a lot line which abuts Lake Erie;
- d) A **small wind energy system** is permitted as an accessory use in any Agriculture, Manufacturing, Institutional or Commercial District in accordance with the following regulations:
 - i) A small wind system shall have a minimum setback from a lot line equal to 110% of the wind turbine height;
- e) For any sensitive land use, exclusive of a lawfully existing dwelling, the minimum separation between a commercial grade wind turbine and the sensitive land use shall be 550m (1805f). For the purpose of this paragraph, a commercial grade wind turbine is a wind turbine, having a nameplate generating capacity of greater than 0.5 megawatts, used for the production of electrical power to the municipal or Provincial electrical grid.

8.12 Hazardous or Restricted Use Provisions

- a) Unless otherwise specifically provided by this by-law, no new dwelling or other sensitive land use shall be permitted within 150m (493f) of a lot on which a sewage lagoon is located on the lot or within 500m (1641f) of a Landfill Zoning District. This shall not apply to the replacement of a lawfully existing dwelling, provided such dwelling is located no closer to the sewage lagoon or landfill than as existing.

8.13 Holding Zone Restrictions

- a) Where the prefix "H" precedes any zoning district symbol in Schedule "A" to this by-law, no use, building or other structure shall be permitted except:
 - i) any use, building or other structure erected, operated or maintained by the Town, a public authority or a public utility;
 - ii) an existing use, building or structure, provided such use, building or structure is permitted by the applicable zoning district which the "H" prefix precedes;
 - iii) additions or alterations to such existing buildings or structures and the erection of accessory buildings, all in accordance with the regulations of the applicable zoning district in which the lot is located and all other applicable regulations of this by-law.
- b) Where the prefix "H" precedes any zoning district symbol in Schedule "A" to this by-law, the "H" prefix may be removed when the following preconditions for the removal have been satisfied:
 - i) the property is on a registered plan of subdivision or condominium, subject to a part lot control exemption by-law or subject to an approved consent to sever by the Committee of Adjustment;
 - ii) where required by the Official Plan, full compliance with or an executed agreement to comply with an approved remediation/mitigation plan is in effect;
 - iii) full municipal services (a paved road, a municipal sanitary sewer and an approved storm water outlet) are available or an executed agreement to provide full municipal services satisfactory to the Town and/or approval authority having jurisdiction is in effect;
 - iv) where applicable, a site plan control agreement and/or such other mandated agreement is in effect.

8.14 Ministry of Transportation Restrictions

- a) In addition to all applicable municipal requirements, all proposed developments located in proximity of a provincial highway, within the MTO permit control area will be subject to the approval of the Ministry of Transportation (MTO). Owners should be aware the MTO permits must be obtained prior to any construction being undertaken.

8.15 Additional Dwelling Units

- a) On a lot in an Agricultural District or Residential District located outside of an Area of Settlement, not including a Residential District permitting exclusively mobile homes or dwellings for three (3) season occupancy, one (1) Additional Dwelling Unit within a Single Unit Dwelling or within a detached building accessory or ancillary to a Single Unit Dwelling shall be permitted.
- b) On a lot located within a Residential District within an Area of Settlement and serviced by municipally owned sewage works and a municipal drinking water system, not including a Residential District permitting exclusively mobile homes or dwellings for three (3) season occupancy:
 - a. two (2) Additional Dwelling Units within a Single Unit dwelling or one (1) Additional Dwelling Unit within a detached accessory or ancillary building when the main dwelling contains no more than (2) dwelling units;
 - b. One (1) Additional Dwelling Unit within a Two Unit Dwelling or one (1) Additional Dwelling Unit within a detached accessory or ancillary building when the Two Unit Dwelling contains no more than two (2) dwelling units;
 - c. Two (2) Additional Dwelling Units within a Semi-Detached Dwelling Unit or Townhome Dwelling Unit or one (1) Additional Dwelling Unit within a detached accessory or ancillary building when the Semi-Detached Dwelling Unit or Townhome Dwelling Unit contains no more than two (2) Dwelling Units;
- c) General Provisions:
 - i) The lot has frontage on a street and is serviced by a municipal sanitary sewer of sufficient

capacity or an approved septic system of sufficient capacity, an approved storm water outlet and a potable water supply;

- ii) One (1) onsite parking space is provided for each dwelling unit;
- iii) The main dwelling and the lot on which it is located conform to all regulations of the Zoning District applicable to them except that, for a residential lot located within an Area of Settlement, on which Additional Dwelling Units are proposed or located, the maximum lot coverage shall not be any less than 45 percent (%). For greater clarity, if the applicable zoning district permits more than 45 percent (%) lot coverage, the regulations of that Zoning District prevail.
- iv) For an Additional Dwelling Unit located in an accessory or ancillary residential building, the Gross Floor Area (GFA) of the Additional Dwelling Unit shall not exceed that of the largest dwelling unit in the main building;
- v) A detached Additional Dwelling Unit may contain an attached garage if the total Gross Floor Area (GFA) of the Additional Dwelling Unit with attached garage does not exceed the GFA of that of the largest dwelling unit in the main building;
- vi) Notwithstanding any other provisions of this By-law, an Additional Dwelling Unit within a detached accessory or ancillary building within an Area of Settlement shall not be permitted above the ground floor;
- vii) The maximum height of an Additional Dwelling Unit in a detached accessory or ancillary building in an Area of Settlement shall be one (1) storey and the maximum height of a storey shall be 4m (13ft);
- viii) Notwithstanding other provisions in this by-law to the contrary, an Additional Dwelling Unit within a detached accessory or ancillary building shall not have a ceiling height or make provision for a ceiling height greater than 1.8m (71 inches) within the area enclosed by the roof from the bottom of the eaves to the supporting structure or substructure next above;
- ix) No Additional Dwelling Unit located within a detached accessory or ancillary building shall be permitted within 1.8 m (6 feet) of any other building located on the same lot;
- x) An Additional Dwelling Unit located in a detached accessory or ancillary building shall be permitted in a front yard, except in a required front yard, and in a rear yard and or

side yard, except in a required rear yard or required side yard;

- xi) Where an Additional Dwelling Unit within a detached accessory or ancillary building will contain an attached garage, the minimum setback for a building wall with a vehicle entrance facing an exterior lot line shall be 6m (20f);
- xii) An Additional Dwelling Unit located in a detached accessory or ancillary building shall have access to the street as prescribed under the Ontario Building Code;
- xiv) An additional dwelling unit shall not be used as a short term rental unit.
- xv) Where a lot contains a dwelling and an Additional Dwelling Unit is proposed within a detached accessory or ancillary residential building, the dwelling existing on the lot prior to the construction of the Additional Dwelling Unit shall be considered the main dwelling.

8.16 Short Term Rental Units

- a) One short term rental unit shall be a permitted use when located in one of the following:
 - i) in a Residential District - exclusively in an existing dwelling where a short term rental unit was both established prior to and in operation on May 9, 2022;
 - ii) in an Agricultural District - in a Single Unit Dwelling;
 - iii) in a Commercial District - in a dwelling or in a dwelling unit in a combined use building;
 - iv) in Green Districts 1.2 and 1.5 - in a cabin located in a campground.

SECTION 9 - GENERAL LOT REGULATIONS

9.1 Application

- a) The regulations in this Section apply to the use of all lots in all zoning districts enumerated in this by-law, unless otherwise specifically provided in this by-law.

9.2 Conveyances

- a) Notwithstanding any other regulation of this By-law in conflict herewith, where a use, building or structure was legally established on a lot and such lot was subsequently altered, as a result of a project or action of the Town of Essex, the County of Essex, Her Majesty in the Right of Ontario or Her Majesty in the Right of Canada or such other public authority, thereby causing the use, building or structure to contravene any regulations of this By-law, the said use, building or structure shall be deemed to conform with this By-law and may be enlarged, extended, reconstructed, repaired or renovated provided that any regulations, which are not met, are not further contravened and that all other applicable regulations are complied with.

9.3 Special Lot and Yard Provisions

- a) For an **existing accessory** building, in a Residential District, which has less than the required setback from the side or rear lot line, the required setback shall be as existing; provided, however, that any additions thereto shall be a minimum of 1.2m (4ft) from the side or rear lot line, except that any wall having a vehicular entrance shall be a minimum of 6m (20ft) from the exterior lot line when facing the exterior lot line and the maximum height of any addition thereto shall be one storey.”
- b) For an **existing dwelling** on a lot in a Residential District, which has less than the minimum lot width or lot area required by this by-law, an addition to such dwelling may be erected or such dwelling replaced, subject to compliance with all other applicable provisions of this by-law;
- c) For an **existing dwelling** on a lot in a Residential District, which has less than the minimum side yard width required by this by-law, for the purpose of erecting any addition thereto, the existing side yard(s) is deemed to be the required side yard, provided that the existing side yard width is a minimum of 1.2m (4f) in width or the existing side yard abuts an exterior lot line;
- d) When, on a lot on which a **semi-detached dwelling** or a **townhome dwelling** has been erected and the individual dwelling units, which are joined to each other by common interior walls, are to be subsequently separated by ownership:
 - i) for that part of the dwelling unit lawfully existing at the time of the severance, no interior side yard shall be required along the common interior lot line;
 - ii) the minimum lot area for each dwelling unit shall be as existing at the time of the lot severance;
 - iii) for a semi-detached dwelling, the minimum lot width for each dwelling unit shall be equal to the width of the dwelling unit and the existing side yard;
 - iv) for a townhome dwelling, the minimum lot width for each dwelling unit shall be equal to the width of the dwelling unit;
 - v) the maximum total lot coverage for each dwelling unit and its accessory buildings shall be equal to 50% of the lot area of the severed lot on which the dwelling unit is located.

9.4 Objects Prohibited in Yards

- a) No person shall:
- i) place a **refuse bin** in any required front yard, unless incidental to the erection or demolition of buildings or structures on the same lot therewith;
 - ii) maintain the outdoor storage of **building materials, construction waste or other waste products** in any yard, except within a permitted outdoor storage yard in accordance with the provisions of this by-law, unless the said materials and equipment are necessary for the construction on the lot of any building or other structure for which a building permit has been issued;
 - iii) in any Residential District, place a **signal reception tower or other communications tower** or structure in a required front yard, unless the lot has a lot line which abuts Lake Erie.

SECTION 10 - GENERAL BUILDING REGULATIONS

10.1 Application

- a) The regulations in this Section apply to all buildings and other structures in all zoning districts enumerated in this by-law, unless otherwise specifically provided in this by-law.

10.2 Front Yard Averaging for Dwellings and Accessory Buildings

- a) On a lot within a zoning district in Section 14, Residential Districts 1, or Section 15, Residential Districts 2, of this by-law, the required front yard depth may be reduced on the following basis:
 - i) On an interior lot that abuts lot on which dwellings have setbacks from the front lot line of less than that required by this by-law, the minimum required front yard depth is equal to the average front yard depth of the dwellings on the abutting lots, but not less than 3m (10f) except that, where a building wall has a vehicle entrance facing the exterior lot line, the minimum setback shall be 6m (20f).
 - ii) On a corner lot that abuts a lot on which a dwelling is setback from the front lot line less than required by this by-law, the minimum required front yard depth is equal to the front yard depth of the dwelling on the abutting lot, but not less than 3m (10f) except where a building wall except that, where a building wall has a vehicle entrance facing the exterior lot line, the minimum setback shall be 6m (20f).
 - (iii) The provisions of paragraphs i) and ii) of this subsection also apply to an accessory garage or carport.

10.3 Accessory Buildings

- a) An accessory building or part thereof is not permitted within 1.8m (6f) of any other building located on the same lot.
- b) A detached garage, detached carport or other accessory building is permitted in a front

yard, except in a required front yard, and in a rear yard and or side yard, provided that the following minimum building setbacks from the side and rear lot lines are maintained:

- i) 1.2m (4f) from an interior rear lot line or an interior side lot line.
 - ii) 1.2m from an exterior rear lot line or exterior side lot line, except that, where a building wall has a vehicle entrance facing the exterior lot line, the minimum setback shall be 6m (20f); however,
- c) Notwithstanding the zoning district provisions respecting accessory building lot coverage, in a Residential District, on a lot having a lot area of less than 370.5m² (4000f²), the total permitted lot coverage for all accessory buildings on the lot is 37m² (400f²).
- d) Unless otherwise specifically provided, a building accessory to a Dwelling shall:
- (i) not be used in whole or in part for a dwelling unit unless it is a permitted dwelling unit in the applicable zoning district of this By-law.
 - ii) not have sanitary facilities above the ground floor unless it is a permitted dwelling unit in the applicable zoning district of this By-law.
 - iii) not have facilities for the preparation of food, unless such facilities are in a permitted Additional Dwelling Unit or are for an activity accessory to a permitted use of a lot.
 - iv) not have a ceiling height or make provision for a ceiling height of greater than 1.8m (71 inches) within the area enclosed by the roof from the bottom of the eaves to the supporting structure or substructure next above.
 - v) the maximum building height of an accessory building shall be 4m (13ft).
 - vi) Notwithstanding other provisions in this by-law to the contrary, when an Additional Dwelling Unit is a permitted use in an accessory building outside of an Area of Settlement, the accessory building having an Additional Dwelling Unit is permitted to have two storeys, provided that the accessory building is not located in whole or in part in a required yard.

10.4 Special Provisions for Garages and Parking Garages

- a) Where a wall of a **parking garage** faces an exterior lot line and is less than 6m (20f) therefrom, no opening for vehicular exit from the parking garage shall be permitted along the said wall;

- b) In any Residential District, for a single detached, semi-detached, or townhome dwelling, the maximum width of an **attached garage** shall not exceed 60% of the maximum permitted width of the main building on the lot.

10.5 Location of Buildings and Other Structures on Corner Lots

- a) On a corner lot, no part of any building or other structure is permitted within 4m (12f) of the **intersection of any two exterior lot lines** (intersection being the physical point or projected point at which the exterior lot lines meet) unless:
 - i) the said part is elevated a minimum of 2.2m (7.3f) above grade; or
 - ii) the said part consists exclusively of **not more than** one (1) structural support column having a maximum outside diameter of 0.3m (1f) and a minimum height of 2.2m above grade or a fence having a maximum height of 0.9m (3f) above grade.
- b) On a lot that abuts the intersection of a **street and a railway right-of-way**, no building or other structure or part of a building or other structure is permitted within:
 - i) 6m (20f) of the point of intersection, within an urban centre or hamlet;
 - ii) 50m (165f) of the point of intersection, outside of an urban centre or hamlet.

10.6 Fill and Flood Control Regulations

- a) **Floodplain Development Control Area**
 - i) With the exception of a permeable fence of a design satisfactory to the Essex Region Conservation Authority (ERCA), the construction or reconstruction of any building or structure, within the **Floodway** is prohibited;
 - ii) Lands that are within the **Floodplain Development Control Area**, but outside of the floodway, may be used in accordance with the provisions of the underlying zoning district in which the lot is located. However, all habitable spaces of buildings shall be flood-proofed in a manner satisfactory to ERCA to ensure that building openings are located above the elevation of the 1:100 Year flood level at the building location, as detailed in Ontario Regulation No. 158/06.

b) **Floodway**

- i) For the purposes of this subsection, the floodway comprises all lands within a setback area measured inland from the top of the bank, such setback shall be determined by ERCA.

c) **Lake Erie Flood Prone Area**

- i) Notwithstanding any other provision of this By-law to the contrary, no part of any building or structure shall be constructed on lands located within the Lake Erie Flood Prone Area, as shown on the Zoning District Maps, in Section 3, of this By-law, unless:
1. the lowest opening of any such building or structure has a minimum building elevation prescribed in a permit issued by Essex Region Conservation Authority (ERCA), and
 2. the setback of the nearest wall of any such building or structure from the water's edge is prescribed in a permit issued by ERCA;
 3. no person shall construct an accessory building or other structure within the prescribed setback limits, except a patio, deck, boat lift, boat well, dock, steps and/or shoreline protective works, provided that the said facilities are constructed as prescribed in a permit issued by ERCA.

d) **Setbacks from Inland Watercourses and Municipal Drains**

- i) Except for those lands affected by Floodplain Development Control Area regulations, no part of any building or structure, other than a permeable fence of a design satisfactory to ERCA, shall be constructed closer to an inland watercourse than the minimum distance established by ERCA, measured inland from the top of bank;
- ii) Where a permit or a minimum distance separation from ERCA is not required, the minimum separation between any building or structure from a municipal drain shall be 6m (20f) for a covered drain and the sum of 8m (26.5f) plus the depth of the water course to a maximum of 15m (49f) for a surface drain. The minimum separation provision shall not apply to a fence of water permeable design and construction.

10.7 Natural Environment and Wetland Setback Provisions

- a) Development in or within 120m (395f) of a Natural Environment District or a Wetland District

shall only be permitted in a manner specified by the Essex Region Conservation Authority to demonstrate that there will be no negative impacts on the natural features or their ecological functions.

For the purpose of this subsection, “development” means the creation of a new building lot or the construction of buildings and structures, requiring approval under the Planning Act, but does not include:

- i) activities that create or maintain infrastructure authorized under an environmental assessment process;
- ii) works subject to the Drainage Act; or
- iii) underground or surface mining of minerals.

10.8 Natural Heritage Overlay Provisions

- a) The use of lands within the Natural Heritage Overlay is determined by the underlying zoning district permitted use regulations. However, no person should remove or substantially alter a significant feature or area, such as a significant woodlot, except in a manner specified by the Essex Region Conservation Authority.

10.9 Minimum Distance Separation Provisions

- a) New and expanded livestock facilities, manure storage facilities and anaerobic digesters are subject to the Minimum Distance Separation II (MDSII) requirements according to the Minimum Distance Separation (MDS) Formulae;
- b) The location of a new dwelling on a lot of less than 20h (50a) in lot area, within an Agricultural District, is subject to Minimum Distance Separation I (MDSI) requirements according to the Minimum Distance Separation (MDS) Formulae. An existing off-site dwelling, destroyed by a catastrophic event, may be replaced by a new dwelling provided that the new dwelling is sited no closer to the lot on which the livestock facility is located than the previously existing dwelling;
- c) A new livestock facility may replace a former livestock facility destroyed by a catastrophic event, provided that the new livestock facility does not result in increases in the values of Factors A, B or D, of the MDS Formulae, compared to what existed at the livestock facility prior to the catastrophic event, such that there is no switch to a livestock type with a higher

odour potential, there is no increase in the number of nutrient units housed and there is no switch to a manure system type with a higher odour potential.

10.10 Railway Right of Way Separation

On a lot abutting a railway right-of-way (as shown on the Zoning District Maps):

- i) a minimum separation of 30m (99f) shall be maintained between the railway right-of-way and a residential, commercial, institutional or recreational main building;
 - ii) a minimum separation of 15m (50f) shall be maintained between the railway right-of-way and an industrial main building;
 - iii) when a lot abuts a railway right-of-way, at the time of erection of a main building or an addition to an existing main building, a security fence having a minimum height of 1.8m (6f) shall be erected continuously along the common boundary line between the lot and the railway right-of-way.
- b) Notwithstanding the provisions of paragraph 10.10 a), on a lot which abuts a railway right-of-way, for an existing building, any addition thereto or a replacement building, the minimum setback from the railway right-of-way shall be the existing building setback or the minimum setback required for the building in the zoning district in which it is located, whichever is the greater.

10.11 Special Setback Provisions on Certain Roads

- a) Notwithstanding any provisions of this by-law in conflict herewith, for any building the minimum setback from the following streets shall be the greater of the minimum front yard depth established in the zoning district or:
- i) outside of an urban centre or hamlet on a road which is not a public road or a public road having a right-of-way width of less than 20m (66f) - 7.5m (25f);
 - ii) on a town road outside of an urban centre or hamlet,
 - where no municipal drain parallels the road - 23m (76f) from the centre of the road right-of-way on that side,
 - where a municipal drain parallels the road - 31m (102f) from the centre of the road right-of-way on that side;
 - iii) 12m (40f) on a lot abutting Talbot Street, north of Maidstone Avenue and south of Fairview Avenue, Fairview Avenue, Maidstone Avenue, Gosfield Townline, west of Talbot Street and Victoria Street, west of Hanlan Street.

10.12 Required Exterior Finishing

- a) In any Green District or Residential District, for any main building or accessory parking garage, exposed flat concrete block exterior walls or untextured concrete exterior walls, whether painted or unpainted, are not permitted above a height of 0.9m (3f) above grade;
- b) In any Institutional District or Commercial District, exposed flat concrete block walls or untextured concrete walls, whether painted or unpainted, are not permitted for
- i) any building wall or part thereof which faces a street, is visible therefrom and is located less than 30m (99f) therefrom, or
 - ii) any building wall or part thereof which faces a Residential District, is visible therefrom and is located less than 30m (99f) therefrom.

10.13 Exceptions to Maximum Height Regulations

- a) The following architectural features or structures may extend above the maximum permitted height of any building in any zoning district, provided that they are erected only to such height as is necessary to accomplish their purpose:
- i) antenna or other communications system;
 - ii) air conditioning systems;
 - iii) belfry;
 - iv) chimney;
 - v) church spire;
 - vi) cupola;
 - vii) fencing;
 - viii) fire wall;
 - ix) heating equipment;
 - x) mechanical penthouse;
 - xi) silo;
 - xii) skylight;
 - xiii) smoke stack;
 - xiv) solar panels and their supporting structures;
 - xv) ventilator;
water tank

SECTION 11 - PARKING SPACE REGULATIONS

11.1 Application

- a) The regulations for parking spaces in this Section apply to the use of all lots in all zoning districts enumerated in this by-law, unless otherwise specifically provided in this by-law.

11.2 General Parking Space Provisions

- a) Parking spaces shall be required for each use permitted by this by-law, in accordance with the provisions of subsections 11.5 and 11.6;
- b) Each required parking space, not including a required loading space, shall have a minimum length of 5.5m (18f) and width of 2.75m (9f), provided that where one side of the parking space is bounded by a wall or fence, the minimum parking space width shall be 3.5m (11.5f);
- c) An access area (driveway) necessary for access to a parking space(s) may cross a required yard, landscaped yard or landscaped buffer;
- d) A parking space is permitted in a required yard, except a required landscaped yard or landscaped buffer, unless otherwise specifically provided by this by-law;
- e) No person shall permit or cause to permit a parking area or parking space to encroach upon a public walkway.

11.3 Location of Parking Spaces

- a) All required parking spaces, including all required bicycle parking spaces, special motor vehicle parking spaces and loading spaces, shall be located on the same lot as the use(s) they are intended to serve;
- b) A corner lot cannot be used for the parking of a motor vehicle within 6m (20f) of the intersection of any two streets or a street and a railway right of way, except when the motor vehicle is parked within a building.

11.4 Calculation of Parking Spaces Required

- a) All required parking spaces, not including loading spaces, shall be provided at the time of the erection of a building or addition thereto, expansion of a use or when there is a change of use of a lot or building;
- b) All required parking spaces shall be subsequently maintained exclusively for the use for which they are required for as long as such use is in operation;
- c) When a lawfully existing use has an insufficient number of existing parking spaces to conform to the provisions of subsection 11.5 or 11.6, it is not required that the deficiency be made up prior to the construction of any addition or a change of use. However, any additional parking spaces required by this Section for such addition or change of use shall be provided and maintained in accordance with all applicable provisions of this by-law;
- d) Unless otherwise specifically provided by this by-law, the number of parking spaces required for each use shall be calculated as follows:
 - i) one (1) space for each unit of gross floor area (GFA), expressed in square metres (m²), as set out in subsections 11.5 and 11.6 of this Section;
 - ii) for the purposes of this Section, any building or that part of a building designed and used exclusively as a parking garage, parking space, loading space, an automatic car wash or a coin-operated car wash will not be included in the calculation of gross floor area;
 - iii) when the calculation of the number of parking spaces results in a fraction, one (1) additional space is required if such fraction is greater than one half;
 - iv) except for major and minor commercial centres, when a building is occupied or proposed to be occupied by more than one (1) main use, the required parking for each main use is calculated on the basis of the percentage of gross floor area devoted to that use plus the equivalent percentage of any common areas and shared accessory uses in the building;
 - v) when a combined use building is occupied in part by a major or minor commercial centre, the required parking is the sum of the number of parking spaces required for each dwelling unit and for the major or minor commercial centre.

11.5 Number of Parking Spaces Required

- a) For the uses listed in Column I herein, the required number of parking spaces shall be as shown in Column II opposite the respective use or uses:

Column 1 Use	Column 2 Required Number of Parking Spaces
Art Gallery	1 for each 90m ² (969f ²) GFA
Automobile Repair Garage	1 for each 36m ² (388f ²) GFA
Automobile Sales Lot	1 for each 22.5m ² (242f ²) GFA
Bakery	1 for each 45m ² (484f ²) GFA for the first 2,700m ² (29063f ²) GFA and 1 for each additional 180 m ² (1937f ²) GFA
Bed and Breakfast Dwelling	1 for each two beds
Billiard Hall	1 for each 22.5m ² (242f ²) GFA
Bingo Hall	1 for each 22.5m ² (242f ²) GFA
Bowling Alley	4 per bowling lane
Business Office	1 for each 45m ² (484f ²) GFA
Caretaker's Residence	1 per dwelling unit
Club	1 for each 22.5m ² (242f ²) GFA
Commercial School	2.5 for each classroom and teaching area and 1 for each 22.5m ² (242f ²) GFA of cafeteria, auditorium, gymnasium and other area of assembly
Confectionary	1 for each 45m ² (484f ²) GFA for the first 2,700m ² (29063f ²) GFA and 1 for each additional 180 m ² (1937f ²) GFA
Day Care Centre	1.25 for each classroom and teaching area

Dwelling Units in a Combined-Use Building	<p>1.25 spaces for each studio and 1- bedroom dwelling unit;</p> <p>1.5 spaces for each 2- bedroom dwelling unit;</p> <p>2 spaces for each 3- bedroom or greater dwelling unit;</p> <p>Plus, in addition to the above, to be exclusively maintained and individually signed for visitor parking,</p> <p>0.15 spaces for each dwelling unit.</p> <p>When the calculation of parking spaces results in a fraction of one half or greater, one additional parking space shall be required.</p>

Hospital	1 for each bed
Hotel	1 for each guest room and 1 for each 22.5m2 (242f2) GFA used for a restaurant, place of assembly or meeting room
Library	1 for each 90m2 (969f2) GFA
Light Repair Shop	1 for each 36m2 (388f2) GFA

Lodging House	1 for each 6 beds
Major Commercial Centre	1 for each 22.5m ² (242f ²) GFA
Marina	1 for each 3 boat docking spaces
Medical Office	1 for each 7.5 (80f ²) GFA
Minor Commercial Centre	1 for each 22.5m ² (242f ²) GFA and, when the combined GFA of all restaurants and entertainment lounges exceeds 30 percent of the GFA of the centre, 1 for each 7.5m ² (80f ²) GFA of all restaurants and entertainment lounges in excess thereof
Mobile Home	1 per dwelling unit
Motel	1 for each guest room and 1 for each 22.5m ² (242f ²) GFA used for a restaurant, place of assembly or meeting room
Motor Vehicle Dealership	1 for each 22.5m ² (242f ²) GFA
Multi-Unit Dwelling containing a maximum of 4 dwelling units	<p>1.25 spaces for each studio and 1- bedroom dwelling unit;</p> <p>1.5 spaces for each 2- bedroom dwelling unit;</p> <p>2 spaces for each 3- bedroom or greater dwelling unit;</p> <p>Plus, in addition to the above, to be exclusively maintained and individually signed for visitor parking,</p> <p>0.15 spaces for each dwelling unit.</p> <p>When the calculation of parking spaces results in a fraction of one half or greater, one additional parking space shall be required.</p>

Mult-Unit Dwelling containing 5 or more dwelling units	1.25 spaces for each studio and 1- bedroom dwelling unit; 1.5 spaces for each 2- bedroom dwelling unit; 2 spaces for each 3- bedroom or greater dwelling unit; Plus, in addition to the above, to be exclusively maintained and individually signed for visitor parking, 0.15 spaces for each dwelling unit. When the calculation of parking spaces results in a fraction of one half or greater, one additional parking space shall be required.
Museum	1 for each 90m2 (969f2) GFA
Industrial Uses not specifically listed	1 for each 45m2 (484f2) GFA for the first 2,700m2 (29063f2) GFA and 1 for each additional 180 m2 (1937f2) GFA
Places of Entertainment, Recreation or Assembly not specifically listed in this subsection	1 for each 36m2 (388f2) GFA
Pawnshop	1 for each 22.5m2 (242f2) GFA
Personal Service Shop	1 for each 22.5m2 (242f2) GFA
Place of Worship	1 for each 5.5m2 (59f) GFA used for as a church, chapel, sanctuary AND 1 for each 36m2 (388f2) GFA not used for any one of the above
Power Generation Plant	1 for each 200 m2 (2152f2) GFA
Public Hall	1 for each 7.5 (80f2) GFA
Residential Care Facility	1 for each 4 beds
Restaurant	1 for each 7.5 (80f2) GFA
Retail Store	1 for each 22.5m2 (242f2) GFA
Secondary School	2.5 for each classroom and teaching area

Self-Storage Facility	1 for a caretaker's residence and 1 for an accessory office
Semi-Detached Dwelling	1 per dwelling unit
Service Station	1 for each 36m ² (388f ²) GFA
Single Unit Dwelling	1 per dwelling unit
Theatre	1 for each 6 seats
Townhome Dwelling	1 per dwelling unit
Veterinary Clinic	1 for each 7.5 (80f ²) GFA
Veterinary Office	1 for each 7.5 (80f ²) GFA
Warehouse	1 for each 200m ² (2152f ²) GFA
Wholesale Store	1 for each 45m ² (484f ²) GFA
Workshop	1 for each 45m ² (484f ²) GFA for the first 2,700m ² (29063f ²) GFA and 1 for each additional 180 m ² (1937f ²) GFA

11.6 Parking Space Exceptions

- a) For a building located on lands identified as a “Parking Exception Area” on the Zoning District Maps, notwithstanding the provisions of subsection 11.5, the required number of parking spaces for each use listed in Column I shall be as shown in Column II, opposite the respective use or uses:

USE	REQUIRED NUMBER OF PARKING SPACES
Bed and Breakfast Dwelling	0
Business Office	0

USE	REQUIRED NUMBER OF PARKING SPACES
Entertainment Lounge	0
Financial Office	0
Games Arcade	0
Hotel	0 for each of the first 10 guest rooms
Light Repair Shop	0
Lodging House	1 for each 8 beds
Medical Office	0
Veterinary Office	0
Personal Service Shop	0
Restaurant	0
Retail Store	0
Takeout Food Outlet	0
Workshop	0
All other uses not listed	The regulations of subsection 11.5 shall apply

11.7 Provision of Barrier Free Motor Vehicle Parking Spaces

- a) Within each parking area, there shall be provided and maintained in good practice reserved accessible parking spaces for persons with disabilities as follows:

TOTAL NUMBER OF PARKING SPACES IN PARKING AREA	REQUIRED NUMBER OF ACCESSIBLE PARKING SPACES
6 to 12	1
13 to 100	1 plus 4% of the total number of spaces to be divided evenly between Type A and Type B spaces
101-200	1 plus 3% of the total number of spaces to be divided evenly between Type A and Type B spaces
201 plus	2 plus 2% of the total number of parking spaces to be divided evenly between Type A and Type B spaces

Accessible Parking spaces are divided into two types:

- Type A being 3.4m (11ft) in width with an access aisle of 1.5m (5ft) next and parallel to it;
- Type B being 2.4m (8ft) in width with an access aisle of 1.5m (5ft) next and parallel to it.

An access aisle, consisting of a hard surface having a minimum width of 1.5 metres throughout the length of the abutting accessible parking space, shall be diagonally striped so as to indicated that it may not be used for parking. The minimum depth of an accessible parking space shall be 5.5m (18ft). An access aisle may be shared by two accessible parking spaces abutting it.

Where only one accessible parking space is required, the accessible parking space shall be a Type A space.

Notwithstanding the provisions of paragraph 11.4 d) iii) of this by-law, if the total number of required parking spaces in the parking area exceeds 13, where the calculation of the number of required accessible parking spaces results in a fraction, one (1) additional accessible parking space shall be required. The additional accessible parking space may be a Type B space.

11.8 Bicycle Parking Spaces Required

- a) There shall be provided and maintained in good practice reserved parking for bicycles on the following basis:

TOTAL NUMBER OF PARKING SPACES IN PARKING AREA	REQUIRED NUMBER OF BICYCLE PARKING SPACES
1 to 9	0
10 to 29	1
30+	2 for the first 30 plus 1 for each 30 additional parking spaces to a maximum of 10% of the total number of required motor vehicle parking spaces
For each 4 bicycle parking spaces provided, the number of required motor vehicle parking spaces may be reduced by 1 space	

- b) Each bicycle space shall be located in a manner which will not hamper the movement of pedestrians or physically challenged persons on a walkway or within a parking area or of motor vehicles within a parking area;
- c) No bicycle parking space is permitted within a daylight corner or a required landscaped yard.

11.9 Loading Spaces Required

- a) Each loading space shall have a minimum length of 13.5m (45f), a minimum width of 3.5m (11.5f) and a minimum height clearance of 3.5m throughout its length and width;
- b) For any building, not including a dwelling, there shall be provided and maintained on the same lot therewith, loading spaces as follows:

GROSS FLOOR AREA	REQUIRED NUMBER OF LOADING SPACES
275m ² (2960f ²) or less	0

over 275m ² to 3999m ² (43046f ²)	1
4000m ² (43057f ²) to 5999m ² (64575f ²)	2
6000m ² (64586f ²) or greater	3
Power Generation Plant Self Storage facility	1

c) For any Mult-Unit Dwelling, there must be provided loading spaces as follows:

GROSS FLOOR AREA	REQUIRED NUMBER OF LOADING SPACES
750m ² or less	0
over 750m ²	1 plus 1 for each additional 7500m ² (80739f ²) GFA to a maximum of 3

- d) Any building or part of a building which is designed and used for a parking area, parking space or loading space will not be included in the calculation of required loading spaces;
- e) Loading spaces required by this by-law shall be provided at the time of the erection or enlargement of any building;
- f) When a lawfully existing use has an insufficient number of existing loading spaces to conform to the provisions of this subsection, it is not required that the deficiency be made up prior to the construction of any addition or a change of use. However, any additional loading spaces required by this subsection for such addition or change of use shall be provided and maintained in accordance with all applicable provisions of this by-law;
- g) A loading space may be located within a parking area; provided, that it is located and designed so as not to hamper the safe operation of motor vehicles within the parking area;
- h) No loading space or access area thereto shall be permitted within 6m (20f) of the point of intersection of two streets or a street and an alley or a street and a railway right-of-way, nor in a required front yard or landscaped open space yard, except to cross them.

11.10 Stacking Spaces Required

- a) Each stacking space shall have a minimum length of 5.5m (18f) and a minimum width of 3m (10f). A parking or loading space, access area or a collector or a manoeuvring aisle required under the provisions of subsections 11.5, 11.6 and 11.9 is not deemed to be a stacking space;
- b) Stacking spaces shall be provided for the uses listed in this subsection and shall be located on the same lot. The minimum number of stacking spaces required for:

USE	REQUIRED NUMBER OF STACKING SPACES
automatic car wash	10 in advance of and 3 at the terminus of each wash line
coin-operated car wash	2 in advance of and 1 at the terminus of each wash stall
drive-through food outlet drive-through restaurant	12 in advance of the pick-up window
gasoline pump island erected as part of a service station or Motor Vehicle Fuel Station	1 in advance of and 1 at the terminus of the pump island
propane fuel facility that provides service to the public	1 adjacent to each fuelling pump
any other use having drive-through service	3 in advance of each drive-through service window or self-serve facility

- c) For a drive-through food outlet, a drive-through restaurant or such other drive through facility having an outdoor loudspeaker system:
 - i) each stacking space, drive-through window and outdoor loudspeaker system shall be located a minimum of 3m (10f) from a lot line abutting a Residential District;
 - ii) except that this provision shall not apply to a drive-through restaurant or drive-through food outlet that existed on a lot on the day this by-law came into force or its replacement on the same lot;

- d) For all other uses, where, on an abutting lot in a Residential District, a dwelling or dwelling unit has a basement or first floor habitable room window(s) facing the stacking spaces and such window(s) is located less than 20m (66f) therefrom, a screening fence having a minimum height of 1.2m (4f) shall be constructed so as to prevent the intrusion of light from headlights into the window;
- e) Multiple stacking spaces can be aligned in parallel or sequentially or both.

SECTION 12 - PARKING AREA REGULATIONS

12.1 Application

- a) Unless otherwise provided in this by-law, no person shall construct or maintain a parking area, which is used for the provision of five (5) or more parking spaces, except in accordance with the regulations of this Section.

12.2 Construction of Parking Areas

- a) All parking areas shall be graded and drained into the municipal sewer or municipally approved drainage system to prevent the runoff of surface water onto a street, alley or abutting properties;
- b) In an urban centre or hamlet, the entire surface of the parking area and access areas shall be paved with a hard surface consisting of concrete, asphalt, paving brick or block, and maintained in good condition;
- c) Outside of an urban centre or hamlet, all parking and access areas shall, at minimum, be covered with a gravel surface and treated on a continual basis so as to prevent dust contamination onto abutting properties;
- d) Full cut-off lights shall be used to illuminate any parking area and shall be arranged and designed so as to deflect light away from abutting lots on which a dwelling or dwelling unit is located;
- e) All required parking spaces shall be accessible directly and exclusively from a manoeuvring aisle.

12.3 Access Areas

- a) An access area is comprised of one (1) or more one-way traffic lanes and each traffic lane shall have a minimum width of 3.5m (11.5f) and a maximum width of 5m (16.5f);
- b) It may cross a required yard;
- c) It shall be designed in a manner which would preclude access from a street or alley to a parking area or egress from a parking area to a street or alley, except by way of an access area.

12.4 Manoeuvring Aisles

- a) A manoeuvring aisle shall be constructed in accordance with the following requirements:

Angle of Parking Space (relative to the manoeuvring aisle in degrees)	Minimum Manoeuvring Aisle Width
90 _o_	6.0m (20f)
60 _o_	5.5m (18f);
45 _o_	4.5m (15f);
30 _o_	3.5m (11.5f);

- b) For the purpose of this subsection, all angles and widths not indicated above are deemed to be the next highest angle and width indicated;
- c) A manoeuvring aisle having a width of less than 5.5m (18f) shall be designed so as to provide vehicular ingress at one end and vehicular egress at the opposite end of the manoeuvring aisle to provide for the one-way movement of vehicles exclusively;
- d) A manoeuvring aisle shall not be located within a street and shall be designed in a manner that would prevent any motor vehicle, which utilizes the manoeuvring aisle, from entering upon a street, except by way of an access area. A manoeuvring aisle, which is in part in an alley, shall satisfy the minimum manoeuvring aisle width regulations in clause 12.4 a) above.

12.5 Collector Aisles

- a) Minimum width of a collector aisle, which has a length of less than 50m (164f) shall be 6m (20f);
- b) Minimum width of a collector aisle, which has a minimum length of 50m (164f) shall be 7.5m (25f);
- c) There shall be a minimum separation between a parking space and a collector aisle of 2.5M (8.2f), except for a parking space located in a parking garage;

- d) The area forming the separation between a parking space and a collector aisle shall be maintained exclusively as a landscaped buffer bounded by a continuous concrete barrier curb having a minimum height and depth of 0.15m (0.5f);
- e) A collector aisle cannot be located within a street or alley and shall be designed in a manner that would prevent any motor vehicle which utilizes the collector aisle from entering upon a street or alley except by way of an access area.

12.6 Parking Area Separation

- a) The minimum separation requirements in this subsection apply to the separation of a parking area from the following:

from a street	3m (10f)
from a building wall containing habitable room windows facing the parking area, when the building is located on the same lot as the parking area	4.5m (15f)
from a building wall containing the main pedestrian entrance facing the parking area	2m (6.6f)

- b) The area forming the parking area separation shall be maintained exclusively as a landscaped yard separated from the parking area by a continuous concrete curb having a minimum height and depth of 0.15m (0.5f);
- c) A screening fence, having a minimum height of 1.2m (4f), shall be provided along that part of the parking area which faces an off-site dwelling unit with a first floor or basement habitable room window exposed to the parking area and located less than 6m (20f) therefrom. The screening fence may be erected along the common lot line of the residential lot and the parking area lot, unless otherwise specifically provided;
- d) Where no landscaped yard or screening fence is required, continuous concrete barrier curbs having a minimum height and depth of 0.15m (0.5f) shall be provided and located so as to prevent any motor vehicle or part thereof from projecting beyond the lot lines onto a street.

12.7 Refuse Bins

- a) A refuse bin(s) may be located within a parking area, but not within 6m (20f) of the point of intersection of any two (2) streets or within a required parking space or located in a manner so as to hamper the movement of or prevent the safe operation of motor vehicles utilizing the parking area;
- b) All outdoor refuse bins, which are visible from a street or are located within a parking area, shall be fully screened by a screening fence having a minimum height of 1.8m (6f).

12.8 Public Parking Area Regulations

- a) The provisions of subsections 12.1 to 12.7 inclusive apply to a public parking area and:
 - i) it may include a shelter for attendants;
 - ii) it cannot be located in any required yard of any dwelling or combined use building;
 - iii) no activity involving the sale, lease, rental or repair of motor vehicles is permitted.

12.9 Parking Garage Regulations

- a) The provisions of subsections 1 to 4 inclusive and paragraphs a) and b), of subsection 12.5 and the regulations of this subsection apply to a parking garage:
 - i) a minimum separation of 6m (20f) shall be provided between an access ramp and an access area. For the purpose of this paragraph, an access ramp means that part of a collector aisle which has a slope of greater than 12 degrees from the horizontal plane and which provides motor vehicle access and/or egress from the parking garage to the street;
 - ii) perimeter screening shall be provided at each level of an above ground parking garage so as to prevent the projection of light from headlights into habitable room windows which face the parking garage and are not separated therefrom by a street.

12.10 Transitional Public Parking Area Regulations

- a) A public parking area is permitted on a lot in a Green District, Residential District or Institutional District provided that:
 - i) a side lot line of the lot to be used as a parking area is the mutual boundary line between the Commercial District or the Manufacturing District and the Green District, Residential District or Institutional District, or
 - ii) a side lot line of the lot to be used as a parking area abuts an alley within which is located the mutual boundary line between the Commercial District or the Manufacturing District and the Green District, Residential District or Institutional District;
 - iii) such parking area may extend a maximum of 30m (98f) from the mutual boundary line between the Commercial District or the Manufacturing District and the Green District, Residential District or Institutional District;
 - iv) the minimum lot width of the lot to be used as a parking area shall be 9 m (30f);
 - v) the minimum lot area of the lot to be used as a parking area shall be 250m² (2691f²);
 - vi) such parking area shall be used exclusively for the surface parking of automobiles and no activity involving the sale, lease, rental or repair of motor vehicles is permitted;
 - vii) all regulations of subsections 1 to 8 inclusive, of this Section shall also apply to a transitional public parking area.

If the septic system utilized is a tertiary treatment septic system, the area of the Septic Bed Envelope may be reduced to 755m² (8126f²) and the remainder of the permitted fill envelope may be used as an Accessory Use Envelope for the placement of accessory buildings and other accessory uses permitted by this By-law.
- xx. For the purpose of this subsection, **Accessory Use Envelope** means a portion of the lot, outside of the Contact Area, used exclusively for the placement of accessory buildings and other accessory uses that must be or are desired to be situated above the established minimum 1/100 year flood elevation. The location, configuration and maximum area of the accessory use envelope shall be as set out in a written authorization issued by the Essex Region Conservation Authority. The accessory use envelope shall be located in a rear yard immediately behind the dwelling.
- xxi. An **Accessory Use Envelope** shall only be permitted on a lot serviced by a tertiary treatment septic system.
- xxii. Provisions of the following subsections shall apply in whole or in part to lands situated within any of the following restricted areas shown on the Zoning District Maps:
 - 2. Floodplain Development Control Area – see subsection 10.6
