

# So you want to be a firefighter?

Everything you need to know about what it takes to be a volunteer firefighter with Essex Fire & Rescue Services.

## Basic Requirements

As with most jobs, firefighters must meet certain minimum requirements for the position. These include, but are not limited to:

- Valid Driver's License
- Minimum 18 years of age
- Physically able to perform tasks and duties of the job
- Able to commit to training
- Live and/or work near the response area
- No conviction of a criminal offense related to the job duties of a firefighter

## Training

Proper training is crucial to an effective fire service, and all members must be able to commit to a certain amount of training.

## Training Continued

As a recruit, you will go through a set training and education process.

All new recruits will need to meet the performance objectives of the National Fire Protection Association's 1001 Level 1&2 Standard for Fire Fighter Professional Qualifications.

This training will take place over 6-7 months, with certification to follow. More details about the first year of training will be provided in the recruitment package if you are a suitable candidate for the position.

After the first year, you will also have the option to attend non-mandatory classes and advanced training workshops.

These include: First Aid, Air Brake, D Licence, Advanced Firefighter Survival, and Rapid Intervention.

## Expectations of a Firefighter

The most common questions we receive from potential firefighter's center on the expectations of the job. While the positions are part-time, firefighters are required to meet a minimum standard of attendance to training sessions and emergency calls. The following are a few statistics on time requirements for firefighters:

**84**

*number of hours in a year devoted to training and equipment maintenance*

**61**

*average number of minutes per emergency incident*

**125**

*average number of emergency calls (varies by station)*

**126**

*average number of hours spent responding to incidents in a year*

# So you want to be a firefighter?

Everything you need to know about what it takes to be a volunteer firefighter with Essex Fire & Rescue Services.

## Duties

The main duties of Essex Fire & Rescue Services firefighters include the following:

### Training

While new recruits go through a standard training process, it doesn't end there. Ongoing training is critical to firefighting.

### Fire Suppression

Types of fires can include structures, grass/bush, vehicles, and hazardous materials.

### Equipment Maintenance

Essential to firefighters having the knowledge and skill to safely use both protective and specialized equipment during emergencies.

### Fire Prevention

Fire prevention is the front-line defense against the deadly effects of fire. These duties include Ontario Fire Code inspections and enforcement, and the distribution of public fire safety information.

## What's in it for you?

Many of our members enjoy the comradery and service to the community that comes with being a local firefighter. Other benefits of serving with Essex Fire and Rescue Services include:

- Gain valuable on-the-ground work experience, knowledge, and transferable skills.
- Work with new technology and learn about proper equipment maintenance.
- Protect your fellow citizens and be a community role model.
- Help educate young people and the broader community about fire safety and emergency preparedness.
- Become a member of your Fire Station's Association, which hosts social functions and fundraising events for projects throughout the community.

## Wages

Firefighters with Essex Fire & Rescue Services are compensated for their time responding to calls and participating in training sessions.

- \$60.32 per emergency call
- \$73.09 per training session
- \$35.96 per vehicle maintenance session

## Benefits

- 24 hour accident policy including off-duty coverage
- \$200 uniform allowance
